THE ROLAN FAMILY N·E·W·S·L·E·T·T·E·R

ISSUE No. 5 August 1994

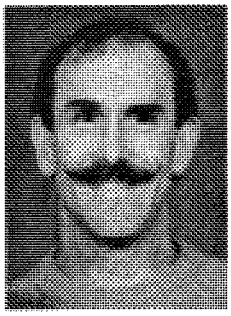

From the Editor

Guess what. The water barrel is fixed as good as new. I know; some will say, well what use is it. The Camp-Grounds has running water (yes, for many years now). I believe people will remember the times we didn't, the times we trucked (yes, I was there) the water in from Rockdale in 55 gallon drums. And oh that ice house. The ice blocks were taller than I was, at least 4 feet tall. Assuming no vandals have messed things up, the water barrel will be back in business; ICE WATER for all.

This monumental feat was not magic. It was hard work for the select few that showed Memorial day weekend. Most of all, the dedicated effort of two individuals made it happen. Maggie Beatrice Miller and her friend John Terry (the masonry ace) worked the project to completion. John has more mason knowledge, experience and technique in his little finger than I ever thought about.

Hope to see you all at the Reunion.

The Eliza Ellen Garner Story

By Patsy Ruth Lehew

Eliza was born in October 7, 1886 , five minutes before her twin brother Isaac Newton Rolan on the Sanddow community of Rockdale Texas (she never let him forget that). She grew up helping in the fields and took care of her younger brothers and sisters. In the late 1800's she married Leonard Clayton Garner who resided in in the community of Nile near Thorndale.

They first lived lived in the little Garner house which belonged to his parents until Leonard's parents became ill and they moved into the big Garner house. Both of them worked the fields cutting maize and picking cotton. The Garners had a beautiful garden and Eliza was constantly canning the vegetable for the winter months. She and Aunt Rosie canned together using a pressure cooker. One day while the two were canning, the pressure cooker blew up. Well, they managed to finish their canning anyway. Eliza canned jellies and was also known for her famous Martha Washington wedding cake.

Auntie (Liza) raised chickens, turkeys, and geese. In 1941, Auntie became ill and had to come to Houston for surgery. She was upset about comings to Houston because she would not have a garden. Some friends and neighbors got together and planted her a big garden. When she returned from the hospital, she was very happy seeing the wonderful garden planted for her.

Sometime after Auntie's surgery, Leonard became critically ill. When he passed away in May 1950, Eliza went to live with her brother Charlie Rolan and his two children. Auntie helped Charles raise Pat and Bobby until both were married and moved away.

Auntie became ill again and went to live with her sister Rosie in Ft. Worth Texas. She lived with her sister until her death in April 1969.

Even more outstanding was he had just had corrective wrist surgery for carpal problems. Wrist motion was reduced, but he could sure lay mortar and brick fast. The BBQ pit and water barrel are shored up again. More on the Memorial Day work weekend later.

Feedback

The only feedback I received from the last Rolan NewsLetter was Patsy Ruth Lehew's article and returned NewsLetters (see Genealogy/ Mailing List). I started a new mailing technique to keep the mailing list current and it worked. Five or six returns had corrected addresses. I'm learning.

Seriously, the family needs your letters, stories and photos to be shared with all. Ask your parents or grandparents about theirs before it's too late.

Budget

If you would take a moment and compare the Reunion budget for this reunion and the previous ones, the difference is this 1994 budget has about ***$100 less to spend****. I believe this is due to the NewsLetter Donation support not matching with the mailing costs. This is the one cost I cannot get around. I can make copies, fold, etc. but I cannot get free stamps; unless you send me some. Stamp donations will be posted in the budget section just like money.*

Paul Rolan

Congratulations to Allen & Renae Kulhanek; Patsy Ruth Lehew's youngest daughter on the birth of Allen Wyne, August 10Th; weighing 6 lbs 7ozs. Maybe the youngest at the Reunion.

Events in Aunt Auntie's Life

By Patsy Ruth Lehew

In the younger days of Auntie (Eliza Ellen Rolan Garner), she and some neighbor kids would walk through the woods together to a friends house. The boys would walk behind the girls. When the girls would come back, they would find baby birds nest knocked out of the trees. The girls would then go and tell Grandpa what happened. Grandpa would take care of it from there. He would spank the boys for scaring the girls.

When I lived in the little Garner House, if I got upset at my parents I would go to Auntie's house to spend the night. Auntie would read me the old Western books which she always read.

Auntie had an old Jersey cow that hated all adults, but I could walk the cow anywhere. Auntie always watched out for me because she thought that cow might hurt me. Auntie and I went almost everywhere together. One day when she and I were opening a gate, she almost sat me down on top of a rattle snake. Auntie got so scared after that, she watched me even closer.

In the late 1950's Auntie and I were babysitting a cousin, Karen Gage. She was sleeping on Auntie's big bed and woke up. Auntie and I were in the kitchen when we heard noises coming from the bedroom. We both ran to the bedroom. Auntie saw Karen crawling to the edge of the bed. So, with cake mix all over her hands, Auntie caught her before she fell off the bed.

Auntie was around my children a lot and helped supervise them. She always made sure that Robert, my husband, had his cornbread and pinto beans when we came to visit.

On the last visit to Auntie's, grapes were in season. We helped pick grapes for Auntie because we loved the grape jelly she made. Robert asked if she needed anyone to pick more grapes. Auntie said that she had enough. About thirty minutes later, Auntie noticed that Robert wasn't anywhere to be found. In a while Robert yelled for Auntie to come to the back porch. The sight she saw was a foot tub full of grapes. She wanted to kill Robert but, later she laughed at it. Robert was like a son to her. My children loved to spend the summer with their Grandpa and Aunt Auntie. We all had a lot of fun there.

The whole family loved her very much. She will be loved in our hearts forever.

Memorial Day Weekend

The work weekend started well. I had contacted Alcoa's representatives to make sure the gate would not be locked. I brought a bolt cutter also, just in case. The gate was open. I was the only car in sight but, I saw fresh tracks in the sand. It is probably tracks of the security guards; I thought. I started my normal unpacking and here comes a car. Maggie Beatrice Miller and John Terry were here to help. They had a motel room in Rockdale. It was their tracks I had seen.

The plan was to fix the BBQ brick fire box and work on the water barrel. The Miller Cemetery also needed major clearing but, that was probably too much work for one weekend. During the winter the plumbing had broken. This turned into the number one priority. Maggie and John took a plumbing shopping list to fill the next morning and I rigged up a pseudo shower, finished unpacking and retired for the night.

Saturday

I started working on the water barrel. Besides some slight rust on the expanded metal and a lot of leaves, it was the same as last year. I just finished a mortar lay up in the bottom when Maggie and John arrived. We worked the plumbing a bit and decided to start on the fire box. We noticed a truck coming up the drive; it was Johnnie Darnell and his son. Johnnie worked the plumbing while John and I hauled water and bricked the fire box.

We then all started in on the barrel. I worked the inside (from the inside) and everyone else mortared the outside. By the evening we had the first rough coat on the outside and 2/3 of the inside done. Johnnie and his son were going on to see other relatives but sure helped out. Check out the initials printed on the barrel; side nearest the bathrooms.

Maggie said we would only be in the way of John putting the finishing touches on the barrel and suggested we work on the Miller Cemetery tomorrow. About that time Vaughn Brune drove up and volunteered to help the next day; we had a crew.

Sunday

We took two vehicles to the cemetery just in case trouble arose. Alcoa had cut a new cemetery road so the instructions from the last NewsLetter are invalid. All I can say is the cemetery is just north of the dump; they are not going to move the dump or the cemetery.

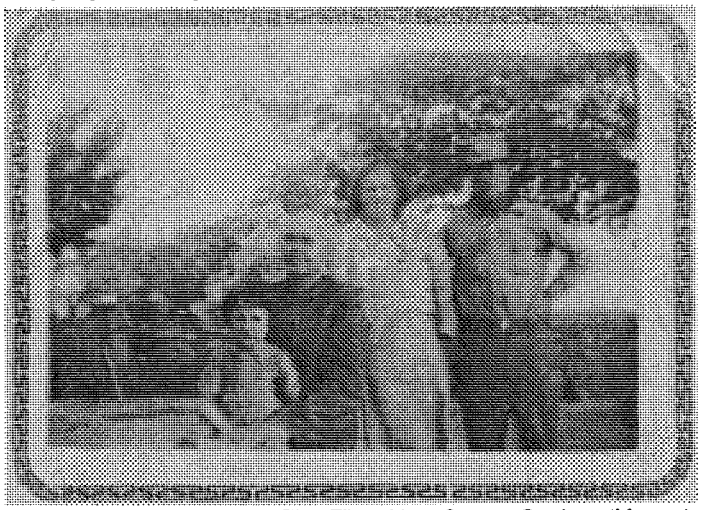

I wished we had taken a camera; before and after shots are always impressive. The cemetery four foot front gate was almost visible. The only indication of a path was a less dense area along the road. I showed Vaughn and Maggie the family plots and surveyed the job. We started in the front and worked towards our area. After 3 hours and 75 wrist sized trees we were at our family plots. Another 1 1/2 hours and all? plots had some sunshine. There is still a couple of inches of raking to clear the ground, but at least they're visible. Now to get the "old folks" in there to tell us stories.

GENEALOGY/ MAILING LIST

There is still about 75 names with incomplete, incorrect or missing address information. If anyone wants a total genealogy listing let me know. A printout of all entries (almost 900) would cost about $1.65 to mail. A computer disk with the dbase file would cost about the same.

The mailing list is a subset of the 900 genealogically-ordered names which only includes descendants over 18, that have a complete address (normally one NewsLetter per address to keep the mailing cost down) and have not had their previous NewsLetter returned (bad address). If the descendant has died, a effort is made to keep the spouse informed with a NewsLetter.

*The NewsLetters that were returned had forwarding addresses. I had previously put directions on the mailing label "**Address Correction Requested**". That's all it took; no lost NewsLetters. Now we need to get the correct address on the previous "bad address" NewsLetters.*
